

## Envirocooler PUR Shippers

ENVIROCOOLER® branded polyurethane shipping containers are built and tested to suit a variety of industry applications. The durable nature of PUR makes it a more durable alternative where re-usability is desired beyond what EPS can provide.

Long-range durations – 48 - 120 hours

Suitable for refrigerated, frozen, and CRT

R-Value of 6-7

Up to 10" wall thickness

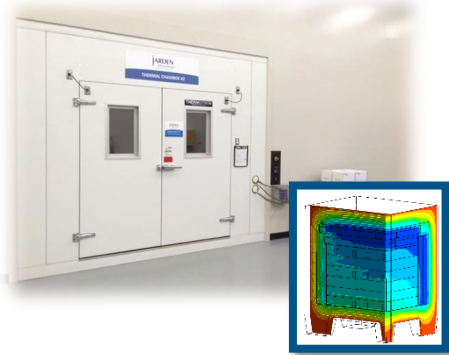

Low front-end tooling costs

Parcel and pallet sized payloads

Custom configurations available

## About LIFOAM™

LIFOAM™ has been supplying thermally controlled packaging to the healthcare, commercial, and retail industries for 50+ years through its LIFOAM™, PROPAK™, and ENVIROCOOLER™ brands.

With 7 manufacturing facilities throughout the US, two thermal testing labs in Belcamp, MD and Huntington Beach, CA, and a full line of technologies, LIFOAM™ is committed to protecting what's important to you.

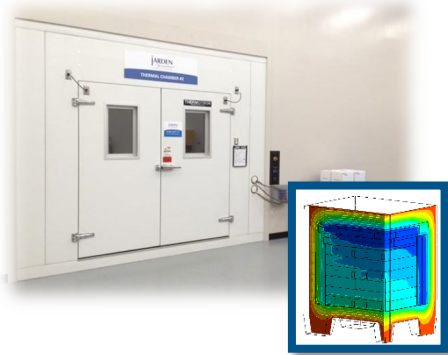

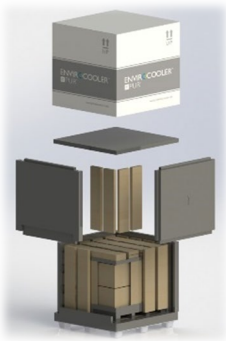

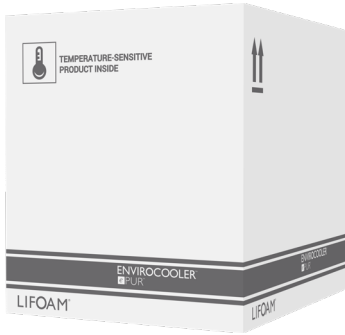

## Other Offerings

### Shippers

- EPS
- ePUR
- EVG

### Refrigerants

- Gel Bags
- Gel Bottles
- Gel Bricks

## Envirocooler ePUR Shippers

ENVIROCOOLER® branded polyurethane shipping containers are built and tested to suit a variety of industry applications. The durable nature of ePUR makes it a more durable alternative where re-usability is desired beyond what EPS can provide, and it's lighter weight over PUR with comparable R-value makes it the logical choice where maximum performance is required

Long-range durations – 48 - 120 hours

Suitable for refrigerated, frozen, and CRT

R-Value of 7-8

Up to 10" wall thickness

Low front-end tooling costs

Parcel and pallet sized payloads

34% lighter than PUR with no loss of insulation
